

## MEDCOR, Inc. Is Hiring Nationwide for COVID-19 Screening Positions

Dear Ski Patrol Community,

My name is Eric Robinson. I am a patroller at Mt. Rose located in the Reno Tahoe area, where we were all enjoying the 2020 season until it was abruptly cut short by the COVID-19 pandemic. I am also the Executive Vice President of Operations for Medcor, Inc., a healthcare company founded in 1984, our mission and core competences are delivering Health Navigation services to our customers. For 36 years Medcor's medical services have helped employers and patients determine what to do at the onset of injury or illness and guide them through the complexities of the healthcare system. We operate multiple lines of business including Telephonic Triage, Telemedicine, Worksite Health and Wellness clinics, Construction Health and Safety operations and Safety Staffing and Training services. We provide these solutions to 310,000 + locations across all markets and industries in the US and Canada.

At the onsite of the Coronavirus, Medcor started implementing COVID-19 screening solutions for our clients across all lines of our business. Medcor's Covid-19 screening services are focused on early symptom screening and assessment, resulting in recommendations where these individuals will be directed for required testing and care. The introduction of these services has resulted in a dramatic increase in business from current and new customers. This surge in new business has dramatically increased our need for additional staff. Medcor hires Physicians, PA's, RN's, NP's, LVN's LPNs, Medics, Paramedics, AEMT'S, EMT's and OEC technicians depending on our customers' requirements. **With recent closures of ski resorts across the country, I wanted to reach out to the patrol community and see if there is interest in temporary, part time and seasonal employment.**

Medcor is actively recruiting and hiring for two specific COVID -19 screening positions. Below is a brief summary of these positions with a link to detailed position descriptions and applications.

### **COVID-19 Telephonic Call Screener - Pays \$15.00 to \$17.00 Per hour**
